

# KERAMIK

## FARBKARTE 2021

In der Küche, im Bad und auch im Cheminéeerbau sind hochrobuste, kratzfeste Materialien gefragt. Die hochwertigen Hightechkeramik-Arten vom Material Keramik bieten hervorragende Eigenschaften wie Hitzebeständigkeit und Kratzfestigkeit. Sie verwöhnen mit einer angenehm warmen Haptik und erlauben filigrane Anwendungen bis zu teilweise 3 Millimeter dünn. Überzeugen Sie sich selbst und lassen Sie sich durch uns beraten.
